

# Office of Basic Energy Sciences

April 2000

## Staff Contacts

Iran Thomas, Acting Associate Director  
\* Iran Thomas, Deputy Associate Director  
Mary Jo Martin

Robert Asheimer, Physical Scientist  
Donald Freeburn, Research Analyst  
Stanley Staten, Engineer  
Sharon Long, Program Analyst

## Materials Sciences and Engineering Division

\* Iran Thomas, Director  
Christie Ashton, Program Analyst  
Vacant, Secretary

### Metal, Ceramic, and Engineering Sciences

**Robert Gottschall**  
Terry Jones

### Metal and Ceramic Sciences

Alan Dragoo (Materials Science)  
Yok Chen (Materials Science)  
Vacant (E-Beam Micro.)  
● Craig Hartley, Florida Atl. U.  
● Angus Rockett, U. of IL  
◆ Andrew Quong, LLNL  
◆ Wendy Cieslak, SNL (1/4 time)

### Engineering Sciences

Robert Price  
● Bassem Armaly, U. of MO

### Condensed Matter Physics and Materials Chemistry

**William Oosterhuis**  
Melanie Becker

### Condensed Matter Physics

Helen Kerch (X-ray and Neutron Scattering)  
Jerry Smith (Experiment)  
Manfred Leiser (Theory)  
Don Liebenberg, Consult.  
Vacant (X-ray and Neutron Scattering Facilities)  
Vacant (Theory, Modelling and Computation)

### Materials Chemistry

Richard Kelley  
Matesh Varma

### SNS Project

Jeffrey Hoy

### EPSCoR

Matesh Varma

## Chemical Sciences, Geosciences, and Biosciences Division

**William Millman, Acting Director**  
Karen Talamini, Program Analyst  
Carolyn Dorsey, Secretary

### Molecular Processes and Geosciences

**Paul Smith (Acting)**  
Diane Matthews

### Geochemistry and Geophysics

Nicholas Woodward  
◆ Henry Shaw, LLNL (1/4 time)

### Catalysis and Chemical Transformations

Vacant (Catalysis)  
◆ Daniel Melamed, BNL

### Separations and Analysis

Vacant (Separations)  
● Dick Gordon, Wash. State U.  
◆ Norman Edelstein, LBNL

### Heavy Element Chemistry

Paul Smith  
◆ Norman Edelstein, LBNL

### Chemical Energy and Chemical Engineering

Paul Maupin

### Fundamental Interactions

**Allan Laufer**  
Sharon Bowser

### Atomic Molecular and Optical Physics

Eric Rohlfling

### Chemical Physics

William Kirchhoff  
Eric Rohlfling

### Photochemical and Radiation Sciences

Mary Gress

### Biophysical Chemistry

Vacant  
(Support shared with Energy Biosciences)

### Facilities Operations

William Millman

### Energy Biosciences

**Gregory Dilworth**  
Patricia Snyder

### Photosynthesis

Gregory Dilworth  
James Tavares  
● Sharlene Weatherwax, UCLA

### Biological Synthesis

Gregory Dilworth  
James Tavares  
● Sharlene Weatherwax, UCLA

### Metabolic Interconversion

Gregory Dilworth  
James Tavares  
● Sharlene Weatherwax, UCLA

### Biophysical Chemistry

Vacant  
(Support shared with Fundamental Interactions)

### BES staff on detail:

- Patricia Dehmer, Detailed as Acting Principal Deputy Director, Office of Science
- Robert Marianelli, Detailed to the Office of Science and Technology Policy
- Timothy Fitzsimmons, Detailed as Congressional Fellow, Minority Staff, Senate Committee on Energy and Natural Resources
